The Special Economic Zone Authority at Duqm (SEZAD) invites interested reputable **Local Contractors (Grade 1 and above) and also International Contractors** (in Civil Engineering works) with relevant experiences to submit a bid for

## Construction of Jurf and Saay Flood Protection Dams in Duqm

The Duqm Special Economic Zone Authority (SEZAD) manages, regulates and develops all engineering constructional and economic activities in Duqm Special Economic Zone.

The construction of flood protection dams forms one of the principal components of the flood protection scheme. The other principal components comprise (a) Flood Conveyance Channels on wadis Jurf and Saay, to be constructed under a separate contract and (b) Dangert channel currently under construction. This contract, **Flood Protection Dams** will be situated upstream of the Jurf and Saay channel inlets and these channels will convey the attenuated flood peaks safely through the development area to the sea.

For the construction of **Jurf and Saay dams**; both these dams impound significant flood events in their reservoirs and release this water in a controlled manner downstream. The reservoirs are sized so that the 1000 year storm event is attenuated to the level of the 100 years natural flood.
